Notes for Item(s): (e.g. condition, scratches, blemishes) All items were in line new condition and did not have any dents, scratches, or marks.				

Comment [A1]: This might be a unique identifier assigned by the analyst, or an asset tag number assigned by the corporation.

If an evidence file was moved to physical media, such as a USB drive or DVD, this section would describe the physical container.

Comment [A2]: These attributes will change when a logical image is used. This section would not be complete.
